

SUPPLEMENTARY MATERIAL

SUPPLEMENTARY FIGURE LEGENDS

Supplementary Fig. S1. Direct projection of *Gr-GAL4* driver-expressing peripheral neurons to the abdominal ganglion (AG). (A) *Gr64c-GAL4* driver-expressing multidendritic neurons were observed to directly project to the AG. Arrowheads indicate multidendritic neurons. (B) *Gr28b.b-GAL4* driver-expressing neurons innervating the reproductive organs were observed to directly project to the AG. ov, ovary.

Suppl. Fig. 1.
